**Enel Chile S.A.**  
**Securities Registration Record N° 1139**

Santiago, July 28, 2021  
**Ger. Gen. N°015/2021**

Mr. Joaquín Cortés Huerta  
Chairman  
Financial Market Commission  
1449 Libertador Bernardo O'Higgins Ave.  
Santiago, Chile

**Ref.: SIGNIFICANT EVENT**

Dear Sir,

In accordance with articles 9 and 10 under Chilean Securities Market Law N° 18,045, and as established under Chilean General Norm N°30 of the Financial Market Commission ("CMF" in Spanish), and as duly authorized on behalf of Enel Chile S.A. ("Enel Chile" or the "Company"), I hereby inform you the following significant event in connection with the material fact issued on November 30, 2020 whereby the approval of the Strategic Plan 2021-2023 by the Board of Directors of the Company was informed:

Within the aforementioned Strategic Plan, macro elements were indicated for the three-year period 2021-2023 as well as EBITDA and CAPEX estimates, which were based on scenario projections that may or may not be verified in the future, considering the best estimates of the Company regarding the recent evolution of economic and market scenarios and climate projections.

Considering the situation of the current year 2021, especially including factors such as a drier hydrological condition, higher *commodity* prices in the international market and a reduction in the supply of natural gas for the Chilean market, in addition to the effects associated with the Covid-19 pandemic and the consequent adoption of measures prioritizing health and safety, deviations are expected in the macro elements included in the aforementioned Strategic Plan related to the 2021 period. Thus, after reviewing these projections based on current conditions and the Company's results for the first half of 2021, a negative variation in EBITDA is expected for year 2021 compared to the initial projection. We now estimate that EBITDA would range between USD 1.1 billion and USD 1.2 billion. Regarding CAPEX, no significant changes are foreseen when compared to the one reported in November 2020.

Considering that the aforementioned figures are based on scenario projections that might or might not come true in the future, their effects cannot be established at this date.

Sincerely,

**Paolo Pallotti**  
**Chief Executive Officer**
