- **Appointing an External Audit Firm governed by Title XXVIII of Law 18,045**

In accordance with Article 50 bis of Law 18,046 and Official Letters No 718/2012 y No 764/2012 of the Superintendence of Securities and Insurance, it is established that, regarding the proposal of external auditing firms, *"the Board of Directors must provide the shareholders with justification of all candidates who will be proposed at the shareholders' meeting, in order to provide all necessary information to the Shareholders for the decision of which audit firm will examine the financial statements. Such justification should contain, in detail, the Board's reasons for proposing each firm, taking into account aspects like the hours and resources they will devote to the review process, the experience of the audit firm, the knowledge and experience of the team that will be in charge of such review, taking into account the industry, sector, size and other characteristics of the company to be reviewed, and any other aspect considered relevant. The above should be accompanied by the corresponding order of preference of the candidates proposed."*

Therefore, for Shareholder information, listed below are the audit firms under consideration, and in order by which indicates the Board of Directors preference to be presented to the Ordinary Shareholders ' Meeting. Proposals were requested from firms EY – Ernst & Young, KPMG Auditores Consultores Ltda., PKF Chile Auditores Consultores Ltda., RSM Chile Auditores Ltda., BDO Auditores & Consultores Ltda., and Deloitte, the latter excused to participate in the process due to independence issues.

On March 30, 2017, and after analyzing the proposals received regarding their qualitative and quantitative features, the Board of Directors of Enel Chile S.A. agreed to propose to the Ordinary Shareholders Meeting, in order of preference, the following list of firms as the External Auditors for Enel Chile S.A.:

1. EY – Ernst & Young
2. KPMG Auditores Consultores Ltda.
3. BDO Auditores & Consultores Ltda.
4. RSM Chile Auditores Limitada
5. PKF Chile Auditores Consultores Ltda.

However, considering that KPMG Auditores Consultores Ltda is the auditing firm proposed for Enel Generación Chile S.A., it is therefore unable to serve as the external auditing firm for Enel Chile S.A. by Resolution 667/2002, published by the Honorable Antimonopoly Resolute Commission. In such case, the options that follow should be considered in the same order as listed.

The relevant foundations behind presenting Ernst & Young as the preferred candidate to be the External Audit Firm of Enel Chile S.A. are the following: (i) it submitted the most competitive proposal, in both technical and economic terms; (ii) it has high qualifications in terms of available resource quality as well as experience in the electricity sector; (iii) it is one of the four most important auditing firms nationally and internationally, and the firm with the highest level of synergy with Enel Chile S.A., since Enel Chile S.A.'s controlling shareholder has Ernst & Young as its main auditing firm; and (v) it does not pose any inconvenience with regard to the Sarbanes-Oxley Act nor Chilean legislation.

DIVIDEND POLICY FOR FISCAL YEAR 2017

The Board of Directors aims to distribute an interim dividend, deducted from the net income of the fiscal year 2017, of up to 15% of net income as of September 30, 2017, as shown on the consolidated financial statements of Enel Chile S.A. as of that date and to be paid in January 2018. The Board of Directors also intends to propose to the Ordinary Shareholders' Meeting, to be held during the first four months of 2017, the distribution of a definitive dividend equal to 55% of net income for the fiscal year 2017.

The definitive dividend will correspond to the one determined by the Ordinary Shareholders' Meeting to be held during the first quarter of 2018.

Compliance with the aforementioned dividend program would be conditioned to the actual net income that the company obtains, as well as to the results of projections that the company regularly performs, or to the existence of certain conditions, as appropriate.

Dividend Payment Procedure for Enel Chile S.A. For the payment of dividends, whether interim or definitive and aiming to avoid undue collection, Enel Chile S.A. considers the following alternatives: 1. Deposit in a current account, whose holder is the shareholder; 2. Deposit in a savings account, whose holder is the Shareholder; 3. Forwarding a check or bank note through certified mail services to the residence of the shareholder, as listed in the Enel Chile S.A.' Shareholder Registry; and 4. Pick up the check or bank note at the offices of DCV Registros S.A. in its condition of administrator of the Shareholder Registry of Enel Chile S.A., or in the bank or branch offices that are determined for such purpose, and that will be disclosed in the notice to be published regarding dividend payments.

To these effects, current and savings accounts may be from any bank in the country. It is important to emphasize that the preferred method of payment by each shareholder will be used by DCV Registros S.A. for all dividend payments, as long as the shareholder does not express in writing his or her intention to modify the payment method and requests another alternative.

To shareholders that have not registered a method of payment, they will be paid by method N° 4, described above.

If checks or bank notes are returned by mail to DCV Registros S.A., they shall remain in its custody until requested or picked up by the shareholders.

When is chosen a current account deposit, Enel Chile S.A. and/or DCV Registros S.A. could request the bank to verify account for security reasons. Should the account indicated by the shareholder be objected, either due to a verification process or any other reason, the dividend will be paid by method N° 4, described above.

Moreover, the Company has adopted and will continue to adopt in the future all necessary security measures required by the process of dividend payments to protect the interests of shareholders as well as Enel Chile S.A.
