**Ref.: Communicates Material Fact**

Dear Madam,

In accordance with articles 9 and 10 under Chilean Securities Market Law N° 18,045, and as established under Chilean General Norm N°30 of the Financial Market Commission ("CMF" in Spanish), and as duly authorized on behalf of Enel Generación Chile S.A. ("Enel Generación Chile", "Enel Generación", or the "Company"), I hereby inform you of the following material fact:

All the authorizations to which the commercial agreement with Shell Global Energy Limited, Singapore Branch, communicated by Enel Generación Chile S.A. through the material fact No. 33 dated 11.25.22 was subject, have been granted.

In fact, all corporate authorizations from the parties involved were obtained for the amendment of the contract called LNG Sale and Purchase Agreement, dated July 26, 2013 (the Fifth LNG SPA). This amendment primarily consists of accepting the reduction of volumes committed by the supplier with respect to Enel Generación Chile during the remaining term of the contract and, at the same time, maintaining the current competitiveness of the price and mitigating the volatility of the formula used to determine the price. It is worth noting that the reduction of gas volumes is on a portion projected as surplus to comply with the commitments already acquired by Enel Generación Chile.

The aforementioned amendments were materialized through a direct agreement between Enel Generación Chile and Shell, signed on December 19, 2022, in which Shell undertakes to pay the total amount of USD 520 million, which will be fully paid and recorded as operating revenues for the year 2022, generating a positive effect on the Company's consolidated net income of USD 380 million approximately.

Sincerely,

**James Lee Stancampiano**  
**Chief Executive Officer**
