Chilean highlights of the period

enersis
chile

Grupo Enel

Generation volume sales increased by 5%, amounting to 6 TWh

Customers in our distribution business rose by 2% or 39 thousand to 1.8 million.

Consolidated revenues increased 10%, reaching 898 million dollars, mainly explained by higher generation volume sales and higher average prices in both businesses, net of foreign exchange rate effect.

EBITDA increased 91%, amounting to 283 million dollars, due to an improved contribution margin.

Enersis Chile was legally established on March 1st and started trading its shares on April 21th, 2016.

Grupo Enel

This presentation contains statements that could constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements appear in a number of places in this announcement and include statements regarding the intent, belief or current expectations of Enersis Chile and its management with respect to, among other things: (1) Enersis Chile's business plans; (2) Enersis Chile's cost-reduction plans; (3) trends affecting Enersis Chile's financial condition or results of operations, including market trends in the electricity sector in Chile or elsewhere; (4) supervision and regulation of the electricity sector in Chile or elsewhere; and (5) the future effect of any changes in the laws and regulations applicable to Enersis or its subsidiaries. Such forward-looking statements are not guarantees of future performance and involve risks and uncertainties. Actual results may differ materially from those in the forward-looking statements as a result of various factors. These factors include a decline in the equity capital markets of the United States or Chile, an increase in the market rates of interest in the United States or elsewhere, adverse decisions by government regulators in Chile or elsewhere and other factors described in Enersis Chile's Annual Report and Form 20-F. Readers are cautioned not to place undue reliance on those forward-looking statements, which state only as of their dates. Enersis Chile undertakes no obligation to release publicly the result of any revisions to these forward-looking statements.
