Shareholders may obtain a full copy of the documents that explain and support the matters that are subject to knowledge and resolution of the Board at our registered office, located at Santa Rosa 76, Floor 15 (Investor Relation Department), Santiago, Chile, as of this date. Also, they are available for shareholders on the company website: [www.endesa.cl](http://www.endesa.cl).

Additionally, the Board of Directors unanimously agreed to empower the CEO of the Company in order to, within a reasonable time, make an assessment on the feasibility of certain measures contained in the Directors' Committee report, as well as those raised by shareholders, to determine the compatibility with applicable legal provisions and the terms and conditions of the corporate reorganization process that has been approved by the Board and which have been released to the market and shareholders, through significant events.

Directors Messrs. Cibie, Lamarca, Atton and Ms. Marshall recorded their votes against summoning an ESM at this time, in order to allow shareholders to become informed and speak out regarding the aforementioned subjects, for the following reason. The declaration of the SVS regarding the appropriate application of the rules related with Title XVI of the Chilean Companies Act in the proposed Spin-Off and merger operations, is currently before the Santiago Court of Appeals. The abovementioned directors believe that summoning an ESM to pronounce regarding the proposed operation would not be prudent, and it would be best to wait for a decision from the Santiago Court of Appeals at this time.

Sincerely yours,

**Valter Moro**
